

KYG20 – Phase II small MS4

Effective May 1, 2018; Expires April 20, 2023

This general permit authorizes the discharge of stormwater runoff from small MS4s to waters of the Commonwealth. As used in this permit, “small MS4s” refers to small municipal separate storm sewer systems which means all separate storm sewer systems that are: owned or operated by the United States, a State, city, town, borough, county, parish, district, association, or other public body (created by or pursuant to State law) having jurisdiction over disposal of sewage, industrial wastes, stormwater, or other wastes, including special districts under State law such as a sewer district, flood control district or drainage district or similar entity, or an Indian Tribe or an authorized Indian tribal organization, or a designated and approved management agency under section 208 of the CWA that discharges to waters of the United States. It is not a “large” or “medium” municipal separate storm sewer systems as defined in 40 CFR 122.26 paragraphs (b) (4) and (b) (7) or 40 CFR 122.26 paragraph (a) (1) (v). This term includes systems similar to separate storm sewer systems in municipalities such as systems at military bases, large hospitals, or prison complexes and highways and other thoroughfares. The term does not include separate storm sewers in very discrete areas, such as individual buildings.

Paper notices of intent (NOI) are no longer accepted. Electronic NOIs can be filed using the links below.
